An information paper and a reply regarding the subject site and your correspondence were provided to our Commanding Officer (CO) last week for his approval. Unfortunately, he was out of the office all last week and has not yet acted upon the information provided to him. However, in the interim our contractor did provide us with the Appendices to the Site Hazard Assessment (SHA) which you requested in your letter. When the CO reviews the information provided to him and gives his approval, a formal reply to your correspondence will be emailed/mailed to you. Nancy D.
